

**THE SURF ANNUAL CONFERENCE
JANUARY 31ST 2008
WEST PARK CENTRE, DUNDEE
“ Plus ca change.....?”**

1992- 2022: A GENERATION OF REGENERATION

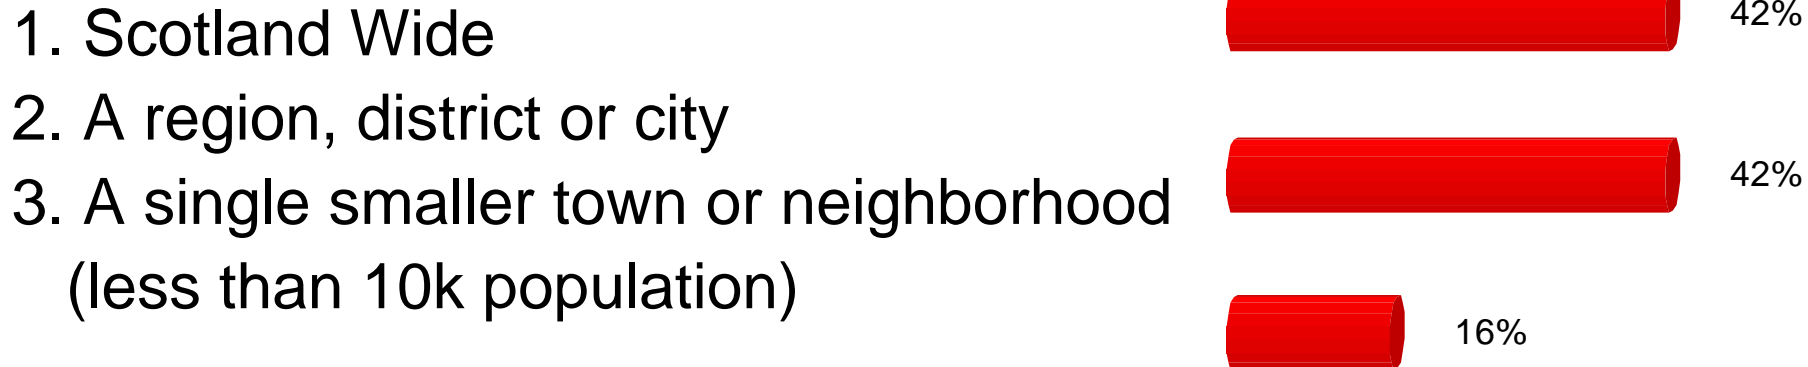

What was your main means of transport in getting here this morning?

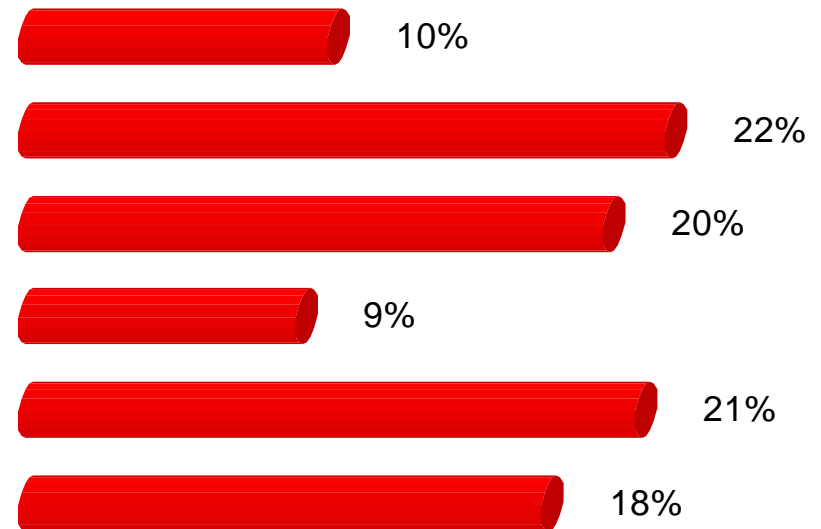

In very broad terms, which of the three following geographical areas is your organisation concerned with?

Which of the following sectors best describes the organisation you are from today?

1. Central government / national public body
2. Local government
3. Community group
4. Voluntary sector
5. Private sector
6. Other

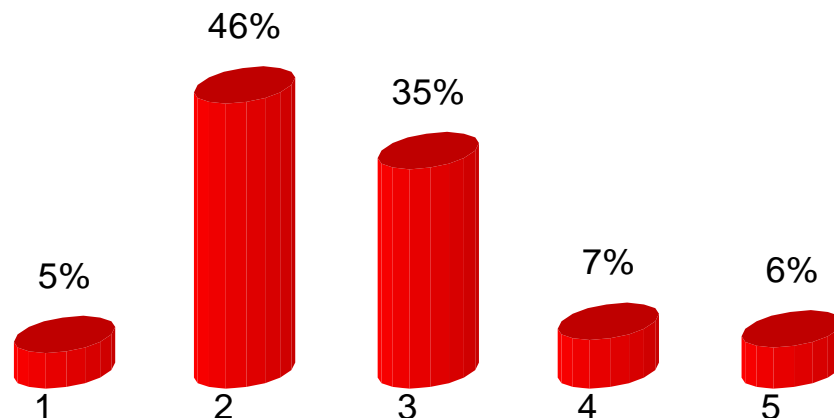

Using this scale of 1-5, how would you rate progress in the following aspect of regeneration over the last 15 years?

On Empowerment of communities

- 1. is very positive**
- 2. is positive**
- 3. is little or no progress**
- 4. is worse**
- 5. is much worse**

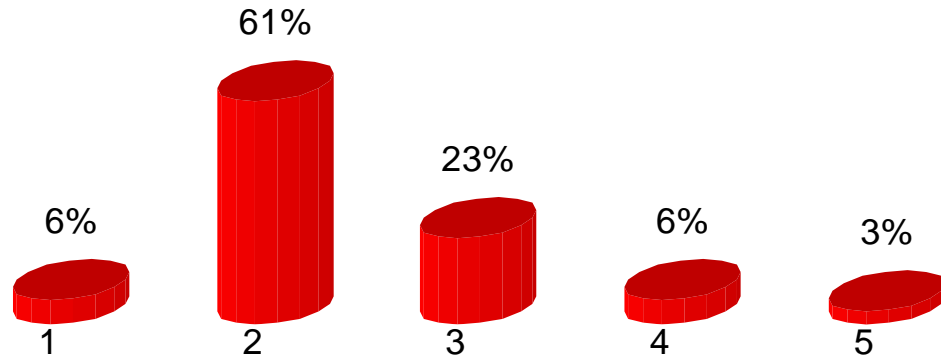

Using this scale of 1-5, how would you rate progress in the following aspect of regeneration over the last 15 years?

On Support for skills and learning

- 1. is very positive**
- 2. is positive**
- 3. is little or no progress**
- 4. is worse**
- 5. is much worse**

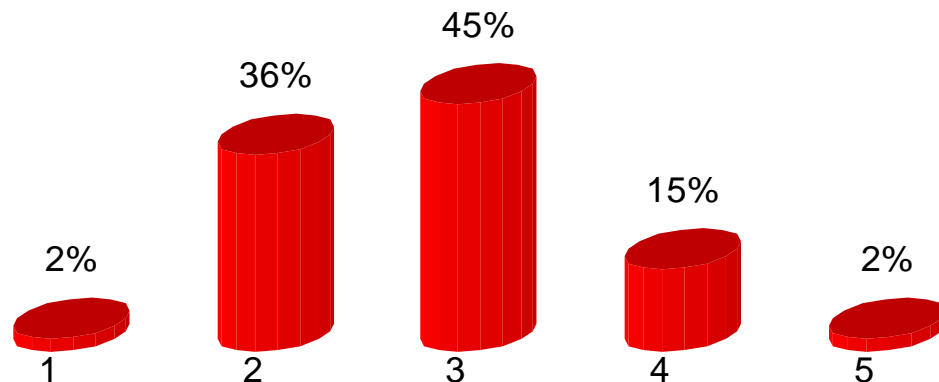

Using this scale of 1-5, how would you rate progress in the following aspect of regeneration over the last 15 years?

On Improved health levels

- 1. is very positive**
- 2. is positive**
- 3. is little or no progress**
- 4. is worse**
- 5. is much worse**

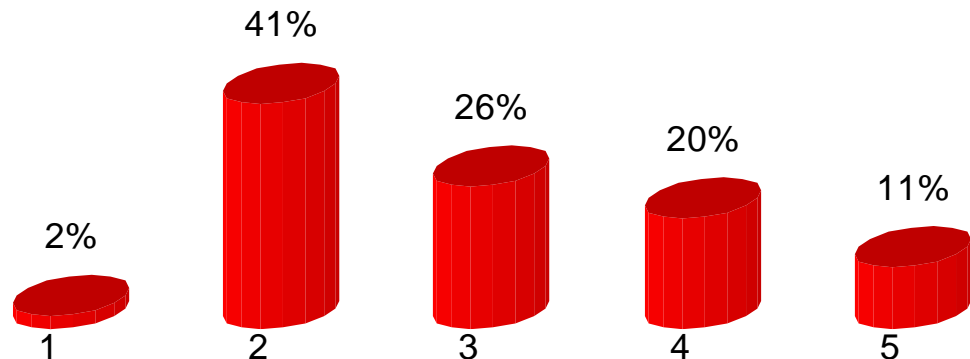

Using this scale of 1-5, how would you rate progress in the following aspect of regeneration over the last 15 years?

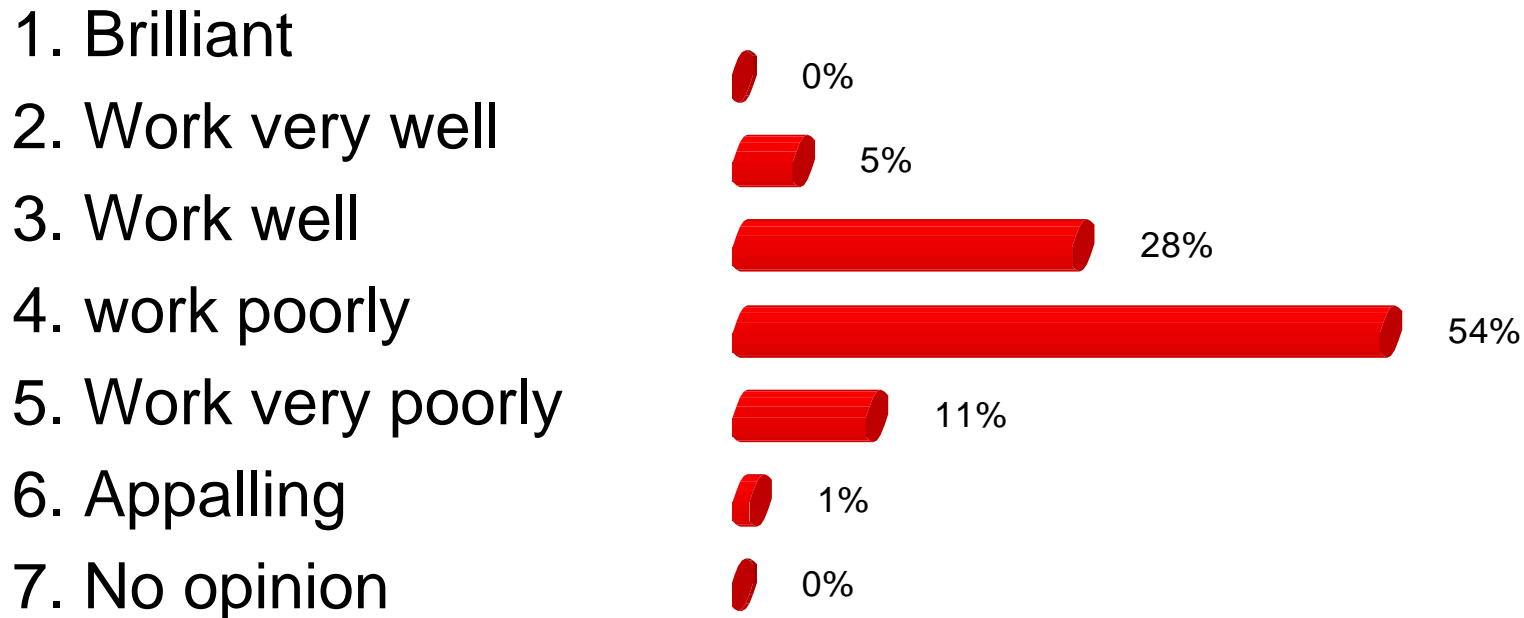

On increased availability of good employment opportunities

- 1. is very positive**
- 2. is positive**
- 3. is little or no progress**
- 4. is worse**
- 5. is much worse**

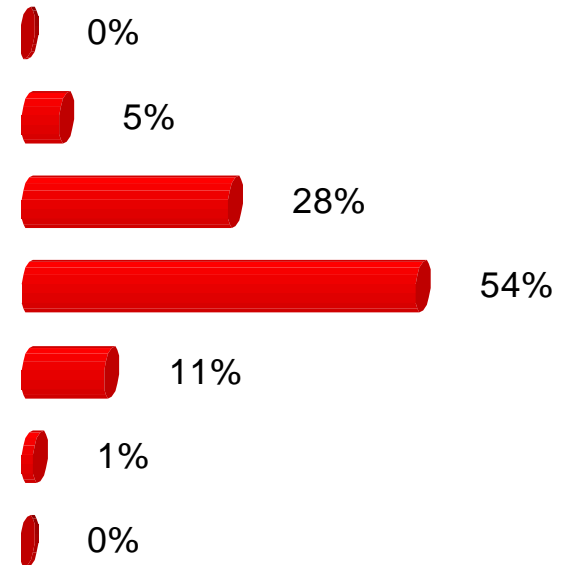

Overall, how well do you think the current regeneration policies and delivery structure in Scotland work in terms of supporting the regeneration of disadvantaged communities?

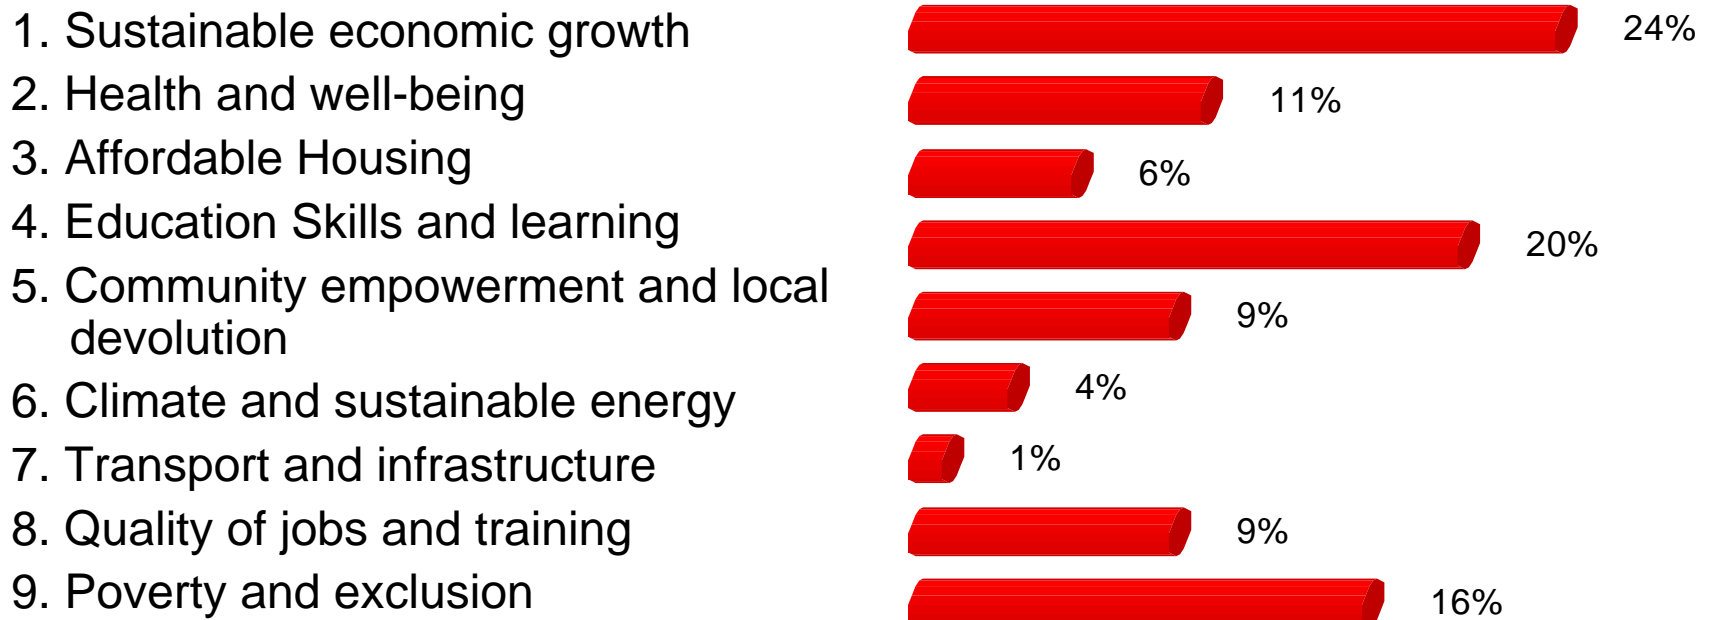

How well do you think the current regeneration policies are working?

- 1. Brilliant**
- 2. Work very well**
- 3. Work well**
- 4. work poorly**
- 5. Work very poorly**
- 6. Appalling**
- 7. No opinion**

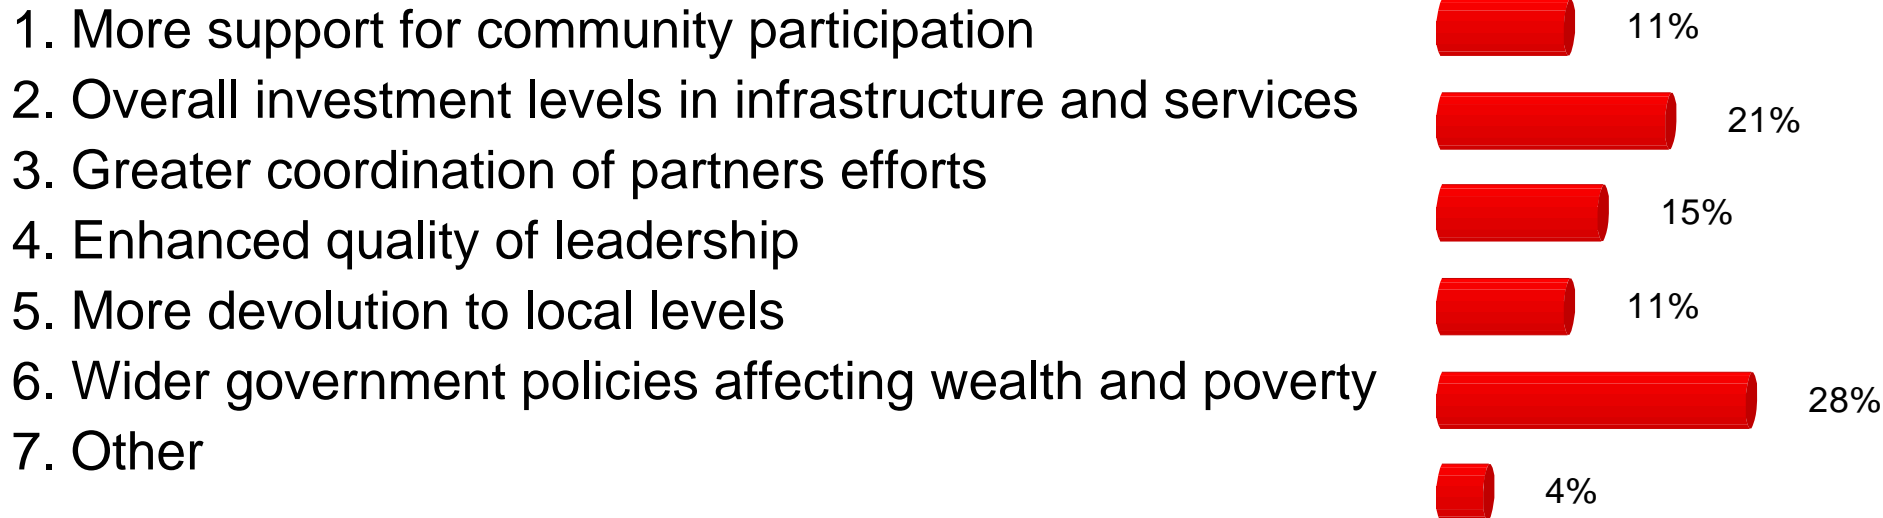

Although we know they are all linked, what do you think should be the single top regeneration policy priority over the next 15 years? (Please vote for just one topic by its number.)

What **one thing** needs to improve most to make our overall regeneration efforts more successful?

What needs to improve the most?

- 1. More support for community participation**
- 2. Overall investment levels in infrastructure and services**
- 3. Greater coordination of partners efforts**
- 4. Enhanced quality of leadership**
- 5. More devolution to local levels**
- 6. Wider government policies affecting wealth and poverty**
- 7. Other**
