Contact us on Facebook 'Larkhall Community Network' <https://www.facebook.com/>

Contact us for local support during Covid pandemic

A range of services are being delivered by local organisations to help you through these difficult times

Ring 07510 593 949 or email xcovid19rainbows@gmail.com

Larkhall Community Network is a partnership of the community, private and public sectors working together for the benefit of local people

Our Wish List & Heart Felt Ask is

Funding opportunities which have revenue not just capital
(*example – Scottish Government “Place Based Investment Programme”*)

Build on the recognition that community groups can deliver a more focused response which costs less than statutory bodies

Pandemic funding to community groups was effective and worked in a tight timescale, can we further develop that model?

Support the community to put structures in place where they can have a voice in decisions that will impact their lives?
